# NH Humane Society

Over a century of love for those without a voice.

## *Annual Meeting and Grand Opening of Catio*

The NH Humane Society will host its Annual Meeting on Thursday, May 18<sup>th</sup> from 5:00 – 7:00 pm at the shelter at 1305 Meredith Center Road, Laconia. The evening will kick off at 5:00 pm with the grand opening of the Catio, a new indoor/outdoor space for felines off the large social room, complete with ribbon cutting ceremony. The NH Humane Society is eager to share the successes and stories of 2016, and the annual meeting will feature tours of the shelter, along with light food and drink. The event is free and open to the public, but the NH Humane Society is requesting that guests RSVP online at [nhhumane.org](http://nhhumane.org), to ensure an accurate head count for refreshments.

“We are very excited to be able to debut our beautiful Catio at the Annual Meeting this year,” says Marylee Gorham, Executive Director of the NH Humane Society. “The entire community rallied behind the Catio project to raise the funds and allow us to expand our large feline social room to include some ‘outdoor’ space for the cats, and we would love to share the opening with everyone.”

The Catio project was initially funded in 2015 through a generous outpouring of support from the community. Local architects Misiaszek Turpin designed the space for the shelter – another step in their long-term partnership with the shelter, which also included the redesign of the shelter space in 2008. Paul Fleming, of Paul V. Fleming & Sons LLC, successfully bid on the Catio, and has been hard at work since last Fall, creating a beautiful space that integrates seamlessly with the already existing shelter structure.

The NH Humane Society is a privately funded 501(c)3 non-profit whose mission is to provide shelter for the lost, abandoned and unwanted animals; find responsible and caring forever homes for them, and; advocate and be the voice for the voiceless.

The Society works hard to prevent cruelty to animals and offers education and outreach programs, pet therapy, and many community programs and initiatives to help responsible pet owners and their animals. To RSVP for the annual meeting/grand opening, view adoptable pets, make a donation or check out other upcoming events please visit [www.nhhumane.org](http://www.nhhumane.org).

# **The Belknap Mill**

## **Industrial Heritage Program**

### ***Volunteers Needed***

The Industrial Heritage Program, "My First Day of Work at the Mill" is a fourth grade field trip program that the Belknap Mill has offered continuously since 1997. The inter-disciplinary program focuses on geography, government, mathematics, science, social studies, and economics, utilizing the historic Belknap Mill facility with its knitting machines, power house, and river setting.

The program actively engages the students in developing teamwork and problem-solving skills while immersing them in the historical aspects of mill life during the Industrial Age.

Set in 1918, the simulation has students taking the roles of workers in the mill yard, power house, knitting room, finishing room, and assembly line. Students spend 20 minutes at each station before rotating to learn about the other positions; then, after a lunch break, they reconvene to learn about the wages and community impacts of the mills. At the end of the day, the students receive a dime, the wages they would have earned after the turn of the 20th century.

Our program runs for 5-6 weeks from early May through mid-June, hosting approximately 60-70 students per day. We require 9 volunteers per day to help the program run smoothly, but we do not expect to see you every day – your time to give is up to you.

### From the Laconia Water Department

Please click [here](#) for the  
Water Dept. website!

The water line replacement work has been progressing well. We have completed the connection between the Belknap County Nursing Home and Old North Main Street and are currently headed south between Old North Main Street and Blueberry Lane.

We would like to sincerely thank our customers inconvenienced by the lack of water for their understanding and cooperation. We are working to minimize the number of interruptions in service to as few as possible.

Two-way traffic will be maintained.

We continue to encourage drivers to seek alternate routes to avoid delays and appreciate their understanding during the construction process.

# Longer Healthy Living in the Lakes Region

Join Steve Norton, Executive Director of the New Hampshire Center for Public Policy Studies, and local service providers from the Lakes Region for a look at the momentous demographic changes facing New Hampshire, the Lakes Region and Laconia.

As Americans live longer and healthier lives, we look for creative solutions to ensure we can all thrive as we age. As New Hampshire becomes one of the fastest aging states in the nation, join the conversation about what local government can do to help to manage these shifts. This comes with new insight into what the future brings and how we can adjust to a future population that is no longer growing but is stable and aging.
