July 6, 2018 - Edition #346

*Mark your calendars for the summer performance schedule at Weirs Community Park,..  
[see page 13](#) for details!*

Laconia Water Works is tentatively scheduled to be doing work on Court Street that will require shutting off the water on Friday, July 20<sup>th</sup>, 2018 from approximately 12:00 a.m. (midnight) to 5:00 a.m.

This is necessary as part of the ongoing work on Court Street and all properties affected will be notified. As stated, this is a tentative date and time for the work. We will be notifying you in writing closer to that date, confirming when we will be working and shutting off the water. Once the water service has been restored, simply run some cold water to clear any discoloration that may occur.

We would like to thank you in advance for your understanding and cooperation! If you have any questions, please feel free to contact the Water Department at 524-0901.

## There's a Place for Everything: Even Your Trailers!

With the start of the summer season people are using their “toys” that require trailers while enjoying all of the opportunities that the Lakes Region has to offer. While everyone is enjoying this season, the City’s Zoning Enforcement office would just like to remind people there are some rules about their trailers that are often forgotten in the summer heat.

Storage of Recreation Vehicles, which include trailers, campers, boats, any other recreational vehicle, and storage box-type trailers (does not include motorcycles unless on a trailer) need to be stored in specific areas on your property. Places where these items may be stored are in a carport, enclosed building, or rear yard area and shall not be located within 10 feet of any lot line. (*See the [City Zoning Ordinance § 235-41 \(L\) Storage of Recreational Vehicles](#).*)

For those residents having properties located on the shore, the area between the road and your home is considered your front yard. We understand that you do not want to hinder or damage the view of the lake for anyone, but please remember trailers of any type and recreational vehicles are not allowed in the front yard or side yards.

There have been a number of complaints to the City about placement of trailers and recreational vehicles. Please be considerate of your neighbors and the public, and responsibly store trailers and recreational vehicles where they should be. Don’t forget that includes those items that are intended for the snow (like snowmobiles), even though it’s too early to think about that!

*Enjoy your summer festivities  
and remember to be safe!*

## Each Community Bag sold equals a \$1 donation for us!

## The more bags sold, the more money raised!

### Prescott Farm Celebrates Selection as “Hannaford Helps Reusable Bag Program” Beneficiary

Prescott Farm Environmental Education Center has been selected by the Gilford Hannaford store as the beneficiary of the Hannaford Helps Reusable Bag Program for the month of July.

Prescott Farm was selected by Hannaford store leadership as the July beneficiary of the program at the Hannaford store located at 1425 Lakeshore Road in Gilford. For every reusable Community Bag purchased at the Gilford Hannaford during the entire month of July, Prescott Farm will receive a \$1 donation. “We are so pleased that the Gilford Hannaford has selected us as the July recipient of the Hannaford Helps promotion,” said Lissa Mascio, Development & Communications Director at Prescott Farm. “Our mission here at Prescott Farm is to connect people to nature, and open the door for everyone to explore and preserve the natural world. Sustainability is a large part of that mission, so what better promotion than to partner with one of our local grocery stores in the sale of reusable bags. We are so pleased that the management at the Gilford Hannaford values our mission as much as we do, and is working to support it in this way.”

Prescott Farm would love to raise \$200 during the month of July – which is 200 bags sold! If even a small portion of their members, donors, campers, preschoolers and public program participants stop by the Gilford Hannaford and buys just one bag, Prescott Farm will easily meet this goal.

**HELP STOP THE SPREAD OF  
AQUATIC INVASIVE SPECIES**

In New Hampshire, you are never more than a short drive away from a lake, pond or river where you can launch your motorboat, sailboat, canoe, kayak or paddleboard into the water.

By always making sure that your boat, trailer and gear are **cleaned, drained** and **dry** before launching into the water, you will prevent the spread of aquatic invasive species, and will help keep our waters boatable, enjoyable and healthy.

If you have questions or if you believe you found a new infestation of aquatic invasive species, contact the New Hampshire Department of Environmental Services Exotic Species Program at (603) 271-2248.
